

We assume a guarantee – according to our manufacturer guarantee statement – of 5 years for our products, provided that it can be demonstrated that the product was purchased and mounted through a franchised specialist craftsman. The guarantee period begins on the date of delivery from our factory. The statutory warranty period is contained in the guarantee period. Electronic components and lighting articles are omitted from this guarantee statement.

Even the most advanced printing technology cannot fully reproduce the exceptional finish and subtle colour schemes of our products. Only original KEUCO products can provide you with the optimum impression. These are on display in stores which supply bath-room fittings.

Understatement means elegance: The mirror cabinets from ROYAL INTEGRAL disappear flush into the wall without giving even a hint at the generously sized storage space inside. Instead the reduced, elegant front with its surrounding chrome strip and glare-free light fields radiates a stylish ambience.

The high level of quality and the excellent workmanship of ROYAL INTEGRAL make it remarkable in every detail – for example the softly closing doors. ROYAL INTEGRAL is framed by a surrounding chrome strip which is available in two widths to adapt to different installation situations.

“The recessed installation principle lets ROYAL INTEGRAL fuse architecture and furnishings together. The resulting effect is a unique aesthetic which, on the exterior, provides not even a hint of the intelligent functionality inside.”

Axel Aistermann, Director Mirror Cabinet Construction

On the inside of its aluminium body ROYAL INTEGRAL offers an amazing amount of flexibility. Thanks to innovative technology, the glass shelves can be flexibly arranged on the slotted rear wall to make room for larger objects. In addition there are integrated functional details like electric sockets and the optionally available RDS radio with touch sensors.

Please note: All switches and sockets pictured in this brochure are continental fittings.
